

§ 107.730 Financings which constitute conflicts of interest.

(a) *General rule.* You must not self-deal to the prejudice of a Small Business, the Licensee, its shareholders or partners, or SBA. Unless you obtain a prior written exemption from SBA for special instances in which a Financing may further the purposes of the Act despite presenting a conflict of interest, you must not directly or indirectly:

(1) Provide Financing to any of your Associates.

(2) Provide Financing to an Associate of another Licensee if one of your Associates has received or will receive any direct or indirect Financing or a Commitment from that Licensee or a third Licensee (including Financing or Commitments received under any understanding, agreement, or cross dealing, reciprocal or circular arrangement).

(3) Borrow money from:

(i) A Small Business Financed by you;

(ii) An officer, director, or owner of at least a 10 percent equity interest in such business; or

(iii) A Close Relative of any such officer, director, or equity owner.

(4) Provide Financing to a Small Business to discharge an obligation to your Associate or free other funds to pay such obligation. This paragraph (a)(4) does not apply if the obligation is to an Associate Lending Institution and is a line of credit or other obligation incurred in the normal course of business.

(5) Provide Financing to a Small Business for the purpose of purchasing property from your Associate, except as permitted under § 107.720(h).

(b) *Rules applicable to Associates.* Without SBA's prior written approval, your Associates must not, directly or indirectly:

(1) Borrow money from any Person described in paragraph (a)(3) of this section.

(2) Receive from a Small Business any compensation in connection with Assistance you provide (except as permitted under §§ 107.825(c) and 107.900), or anything of value for procuring, attempting to procure, or influencing your action with respect to such Assistance.

(c) *Applicability of other laws.* You are also bound by any restrictions in Federal or State laws governing conflicts of interest and fiduciary obligations.

(d) *Financings with Associates—(1) Financings with Associates requiring prior approval.* Without SBA's prior written approval, you may not Finance any business in which your Associate has either a voting equity interest, or total equity interests (including potential interests), of at least five percent.

(2) *Other Financings with Associates.* If you and an Associate provide Financing to the same Small Business, either at the same time or at different times, you must be able to demonstrate to SBA's satisfaction that the terms and conditions are (or were) fair and equitable to you, taking into account any differences in the timing of each party's financing transactions.

(3) *Exceptions to paragraphs (d)(1) and (d)(2) of this section.* A Financing that falls into one of the following categories is exempt from the prior approval requirement in paragraph (d)(1) of this section or is presumed to be fair and equitable to you for the purposes of paragraph (d)(2) of this section, as appropriate:

(i) Your Associate is a Lending Institution that is providing financing under a credit facility in order to meet the operational needs of the Small Business, and the terms of such financing are usual and customary.

(ii) Your Associate invests in the Small Business on the same terms and conditions and at the same time as you.

(iii) Both you and your Associate are leveraged Licensees, and both have outstanding Participating Securities or neither has outstanding Participating Securities.

(iv) Both you and your Associate are non-leveraged Licensees.

(e) *Use of Associates to manage Portfolio Concerns.* To protect your investment, you may designate an Associate to serve as an officer, director, or other participant in the management of a Small Business. You must identify any such Associate in your records available for SBA's review under § 107.600. Without SBA's prior written approval, the Associate must not:

(1) Have any other direct or indirect financial interest in the Portfolio Concern that exceeds, or has the potential to exceed, 5 percent of the Portfolio Concern's equity.

(2) Have served for more than 30 days as an officer, director or other participant in the management of the Portfolio Concern before you provided Financing.

(3) Receive any income or anything of value from the Portfolio Concern unless it is for your benefit, with the exception of director's fees, expenses, and distributions based upon the Associate's ownership interest in the Concern.

(f) *1940 and 1980 Act Companies: SEC exemptions.* If you are a 1940 or 1980 Act Company and you receive an exemption from the Securities and Exchange Commission for a transaction described in this § 107.730, you need not obtain SBA's approval of the transaction. However, you must promptly notify SBA of the transaction and satisfy the public notice requirements in paragraph (g) of this section.

(g) *Public notice.* Before SBA grants an exemption under this § 107.730, you must publish notice of the transaction in a newspaper of general circulation in the locality most directly affected by the transaction, and furnish a certified copy to SBA within 10 days of publication. SBA will publish a similar notice in the FEDERAL REGISTER.

§ 107.740 Portfolio diversification (“overline” limitation).

(a) *General rule.* This § 107.740 applies if you have outstanding Leverage or want to be eligible for Leverage. Without SBA's prior written approval, your aggregate outstanding Financings and Commitments to a Small Business (including its Affiliates) must not exceed:

(1) 20 percent of Regulatory Capital for a Section 301(c) Licensee; or

(2) 30 percent of Regulatory Capital for a Section 301(d) Licensee.

(b) *Outstanding Financings.* For the purposes of paragraph (a) of this section, you must measure each outstanding Financing at its current cost plus any amount of the Financing that was previously written off.

(c) *Adjustment to Regulatory Capital.* For the purposes of paragraph (a) of

this section, you may compute a higher maximum permitted investment in a Small Business (an “increased limit”) by adding “net unrealized gains” on Publicly Traded and Marketable securities to your Regulatory Capital, subject to the following conditions:

(1) “Net unrealized gains” on Publicly Traded and Marketable securities means unrealized gains on Publicly Traded and Marketable securities minus unrealized losses on *all* Loans and Investments.

(2) You must value your Publicly Traded and Marketable securities in accordance with your SBA-approved valuation policy.

(3) You must have positive Retained Earnings Available for Distribution at the time you compute an increased limit under this paragraph (c).

(4) At the time you first compute an increased limit, and as of the first business day of each calendar quarter that the increased limit is in effect, you must keep copies in your files of the NASDAQ listings (or the Wall Street Journal) or written quotations from the market makers quoting the Publicly Traded and Marketable securities which support the adjustment.

(5) If your net unrealized gains on Publicly Traded and Marketable securities are more than 30 percent below their original level on the first business day of any calendar quarter, and remain so for the next 30 days, you agree to do one of the following to remain in compliance with the terms of your Leverage:

(i) By the first day of the next calendar quarter, increase your Regulatory Capital sufficiently to restore support for the increased limit; or

(ii) Lower the increased limit to reflect the decrease in net unrealized gains on Publicly Traded and Marketable securities, and reduce any Financings that exceed the lower limit.

Example to paragraph (c) of this section. Your Regulatory Capital is \$2,500,000 and your overline limit is \$500,000 (20 percent of \$2,500,000). On January 15, 1995, you document net unrealized gains on Publicly Traded and Marketable securities of \$200,000 and compute an increased limit of \$540,000 (20 percent of \$2,700,000). You now make an investment of \$540,000 in a Small Business. Nothing changes until the first business day
